## Report from Grade 5 – Field Trip to Bishop Strachan School

**On April 29th, the Grade 5 students made their way up to Bishop Strachan School for a morning of drama and ancient civilizations. The grade 11 girls at BSS have been studying Ancient Rome and one of their tasks was to write a play regarding a particular event from the time. In the course of an hour, the grade 5s learned new information, and became the performers in the plays (which were then presented to the rest of the groups). Here are a few responses from the grade 5 students:**

I suggest that future grade 5 students should continue to go to B.S.S because it is a spectacular experience for both the grade 5s and the grade 11s. We learned about Roman gods and Roman history by doing and seeing plays. It's great because you can have fun, show your friends your play and learn about ancient Rome. For me the experience was scary but by the end I was having great time! It also helps people like me gain self confidence and learn to have fun. An enjoyable part of visiting was watching other people play their plays. I learned from other people's plays and not just from mine. It would be such a missed opportunity if future grade 5 students didn't get to have fun and learn about ancient Rome with the welcoming B.S.S students.

My experience at Bishop Strachan School was terrific! In my opinion I think the 11th grade girls were very welcoming and nice. I loved the plays that they wrote, so fun but still teaching us about Constantine (the emperor that made Christianity the official religion of Rome), the baths, and Horace, a poet. The most enjoyable moment for me was watching all the other plays. My favourite play was the three boys who travelled back in time when they touched a rock. I would most definitely recommend this trip to next years batch of grade 5s because this trip is so fun, so hilarious, but still teaching me about the ancient times. It would be a shame to miss a trip so exciting, and informative.

When I had arrived I had felt my experience B.S.S School was not to be an experience to remember, I had been proven wrong. I had an amazing experience at B.S.S I learned about a roman who was named Mark Anthony that hired a slave to sculpt for him. I had learned that the senate did not want that slave to influence Mark Anthony into trying to rule Rome so they asked the gods to kill the slave, and the slave ended up dead. I got to read a funny script about Mark Anthony and his slave, and better I got to act it out and I got to wear a toga. I had a great time! The play was very funny and very informative. It was an experience that I would always remember.
